

Cooling

Model: **WC-D10**

Temp: 4°C -
room temperature

Main Feature

- Control temperature by Digital Microprocessor Controller
- Temperature Resolution: +/- 0.1°C
- Working Temperature Range: 4°C to room temperature
- Over-temperature safety
- Cooling coil inside the chamber
- Circulation pump inside the chamber, flow rate up to 20 L/ min
- Inside material: stainless steel chamber.
- Outside casting: metal sheet, powder coating.
- Product made in Thailand
- 4 wheels
- Warranty: 1 year

Specifications

- Dimension (WxDxH): 45x41x85 mm
- Volume: 10 L
- Compressor: 900 watt, 9,000 BTU
- Electrical supply: 220V, 50 Hz
