

# Water Bath

## High-accuracy Water Bath

Model: **WD-D16**

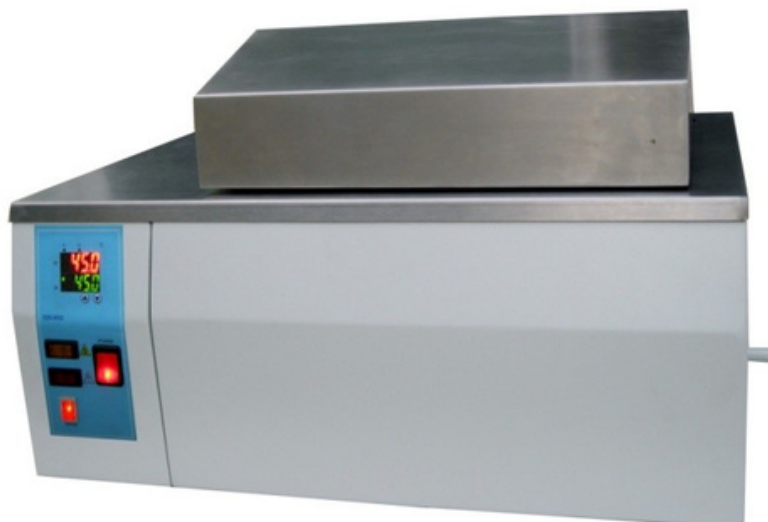

**T. max: 100°C**

### Main Feature

- Digital Microprocessor Controller
- Temperature Resolution:  $\pm 0.1^{\circ}\text{C}$
- Precision:  $\pm 0.5^{\circ}\text{C}$
- Working Temperature Range: at least  $5^{\circ}\text{C}$  above ambient to  $100^{\circ}\text{C}$
- Over-temperature thermostat and a low-liquid cutoff
- Stainless steel interior
- Circulation system (Option)
- Product made in Thailand

### Specifications

| Model  | Max Temp.<br>(°C) | Volume (L) | Interior Dimensions |            |             | Voltage<br>Electronic<br>Load |
|--------|-------------------|------------|---------------------|------------|-------------|-------------------------------|
|        |                   |            | Height (cm)         | Width (cm) | Length (cm) |                               |
| WD-D16 | 100               | 16         | 30                  | 16         | 35          | 220V/55 HZ                    |
