

Cooling Incubator/ BOD Incubator

Model: **CI-D90**

Temp: 4 - 40 °C

Main Feature

- Control temperature by Digital Controller PID system
- Temperature Resolution: $\pm 0.1^{\circ}\text{C}$
- Precision: $\pm 1^{\circ}\text{C}$
- Working Temperature Range: 4°C to 40°C
- Over-temperature safety
- Fan motor for the forced air circulation to maintain uniform conditions inside chamber.
- Product made in Thailand
- Warranty: 1 year

Specifications

- Dimension (WxDxH): 400x430x833 mm
- Volume: 90 L
- Heater: 300 watt
- Compressor: 110 watt
- Number of shelves: 2
- Insulation: Polyurethane
- Refrigerant: R600a
- Electrical supply: 220V, 50 Hz
- Net weight: 19.5 kg
